Thursday, January 1st: 10 - 3 ~or~ 12 - 5

Friday, January 2nd: 10 - 3 ~or~ 12 - 5

.....
\$2 beginner lessons are offered every hour on the hour, instructors will be asked to check in to the lodge 5 minutes before the hour, talk to ticket counter, lesson desk or rental employees about possible lessons before returning to the hill to ride at 5 after the hour. Paid intermediate lessons are done by appointment and given to qualified available instructors. These are most common during the holidays. Instructors are asked to work at least one shift per week and 2 extra shifts over the ten day holiday season and special events as needed. One schedule will be made for the whole season. Trading of shifts is acceptable for time off etc. Instructors should work it out between themselves and notify Andrea at the hill via phone or the person at the lesson desk. Absence without notification is unacceptable.

Instructors earn lift passes by performing a necessary task at the hill. It's important to show respect to customers and employees by being prompt, courteous and friendly. Safety and fun have to be taught in our lessons and by example on the hill. Send completed application to:
